

Wildfire Assistance Program

Claims Administration Procedure (“CAP”)			
CAP Number	1	Effective Date	9/13/19
Subject	Evaluation of Claims Submitted by Renters		

The Eligibility Criteria state that a Basic Unmet Needs payment for a qualifying household is \$5,000. The Administrator has received questions about how to divide payments between renters who were part of the same household at the time of the 2017 or 2018 Wildfires. The Administrator has studied the issue and has decided that the Wildfire Assistance Program will pay \$2,500 to each qualifying renter claimant. After the November 15th claim filing deadline the Administrator will review all eligible claims to determine if additional funds are available for renters.

APPROVED:

Administrator
